

## The Frohloff Farm Diptych

Take part in creating two paintings of the Frohloff Farm. One scene will be of the barn, the other of the river. You can participate directly in the painting by commissioning the native plant or animal of your choice to be included. The artist will find a spot in the landscape to paint your chosen species. The proceeds from your commission price will go toward conservation of the Frohloff Farm in Ware, Massachusetts.

### Suggested Species and Price Categories

Any native plant or animal found in farm or river habitat in *late summer* is okay.

Small Animals: \_\_\_\_\_ \$40 each
