

Patrill Hollow

**1015 Hardwick Road &
171 Patrill Hollow Road
Hardwick - 136 Acres**

The trails meander through mixed oak and pine forest, circle around a vernal pool, and pass near stone walls and old foundations before climbing in elevation. Several large beech, oak, and white pine trees are found along the dry Mountain Trail to the east. A large boulder left by the glacier is found along the woodland Loop Trail near the stream crossing.
